INTRODUCTION

LALA LAJPATRAI **VISIONARY PAR EXCELLENCE**

Lala Lajpatrai was one of the foremost freedom fighters and was born on 28th January 1865 in Dhudike Village in Ferozpur District of Punjab. Lala Lajpatrai was known for his single minded zeal and devotion to the Indian Nationalist cause. Whilst, the rest of the Indian Leaders bowed before the British rule, he took up the battle and challenged the might of the British Empire for which he had to pay the ultimate price with his life.

From a management perspective, he believed in India's economic regeneration and eventual resurgence as an economic power. Lalaji was fearless and candid in expressing his view. Lalaji was an educationist, a visionary and a pioneer who gave shape to India's education system. He played a major role in India's struggle for independence and patriots like him can never be forgotten. When Lalaji died on 17th November 1928, Mahatma Gandhi, the father of the nation in his tribute to Lalaji exclaimed, "Men like Lalaji cannot die as long as the sun shines in the Indian Sky". We are eternally indebted to Lalaji and we feel proud, honoured and inspired that his august name graces our institution.

INTRODUCTION

VISION

Our aspiration is to provide dynamic high calibre management education to serve business & industry and bring about social transformation.

MISSION

- To provide an affordable opportunity for diverse group of students and other stakeholders to learn by integrating education, internship and research.

- To provide a multi-dimensional inter-disciplinary teaching-learning environment including on-line learning opportunities which would inculcate continuous learning habits among the students.

- To create and leverage opportunities in floor training, upskilling possibilities via development programs, research and consul-tancy to establish and nurture linkages with industry and society.

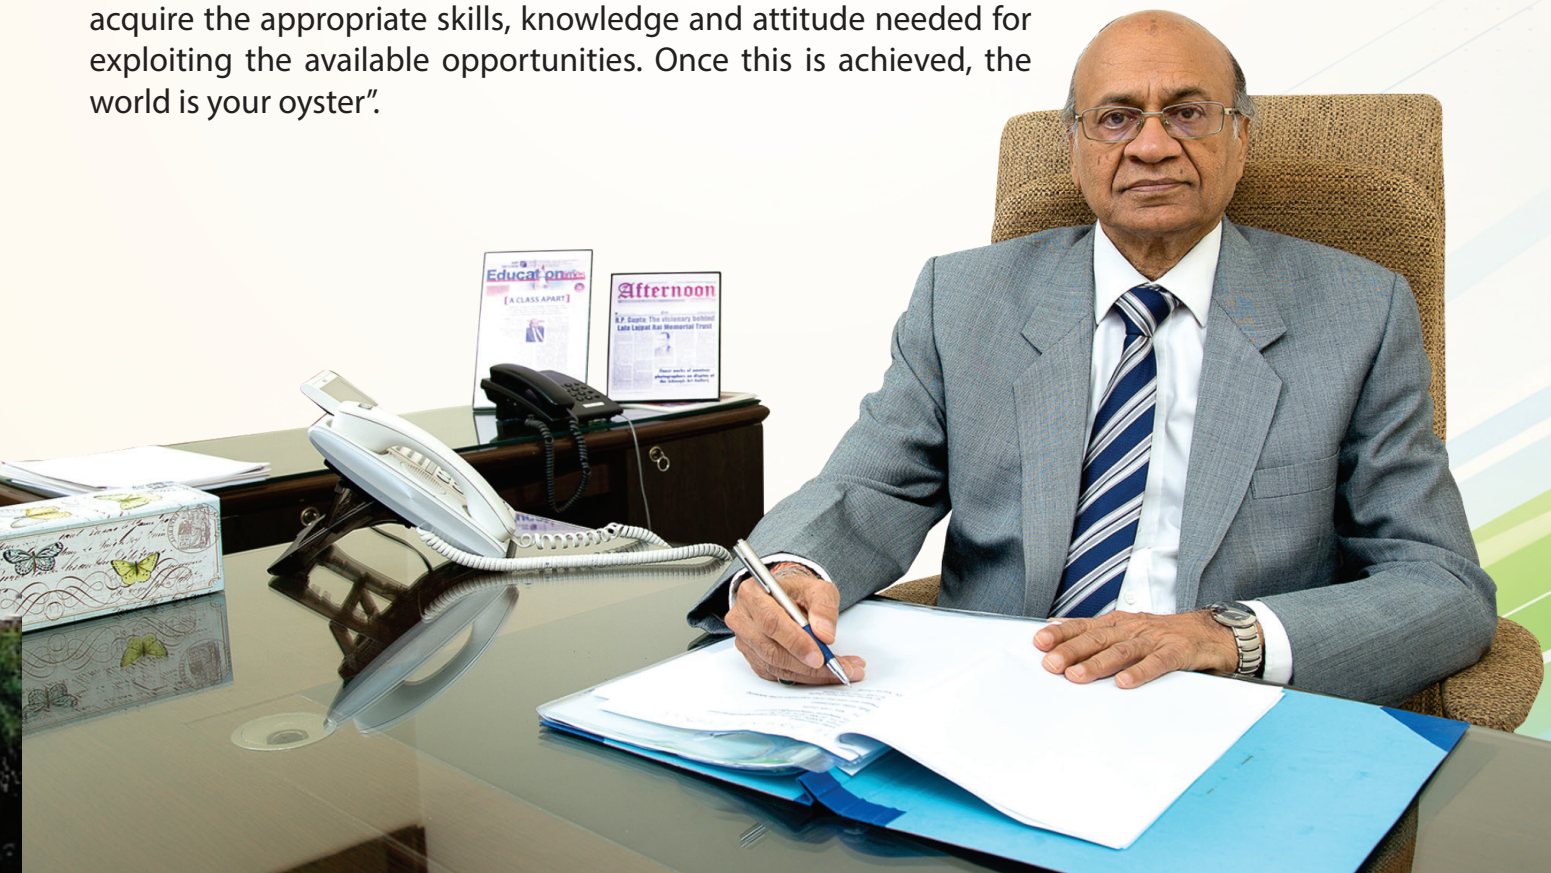

- Empowering management graduates to cultivate a global mind-set which would significantly contribute to the growth of Indian business environment and equitable social structure.

DR. KAMAL GUPTA - Ph. D.

THE ARCHITECT - OUR CHAIRMAN

Dr. Kamal Gupta, Founder Chairman, of Lala Lajpatrai Institute of Management reflects a fine example of Charles Darwin's famous Observation. "It is not the strongest of the species that survive, not the most intelligent, but the ones who are the most responsive to change." Dr. Kamal Gupta is a fine example of Darwin's profound theory. Taking the Institute to greater heights, Dr. Gupta became the Founder Chairman of the Management Institute which was started in 1995. His dedication and concerted efforts helped the Management Institute to grow from a raw novice to a full fledged State-of-the-Art Institute. He undertook the cumbersome process of revamping the Institute by creating appropriate infrastructural facilities, improving course content, introducing new and relevant courses, establishing appropriate linkages between courses offered and job markets. Dr. Gupta stresses on small concentrated batches rather than cluttered and oversized classrooms. He focused on improving the infrastructure by upgrading the entire infrastructure with State-of-the-Art technology. He emphasizes that, "The golden rule is to never compromise on quality". Dr. Gupta being closely associated with the Institute is a live force for incessantly inspiring the students to learn. He believes that there is no age gap on learning and acquiring knowledge and Dr. Kamal Gupta himself strengthens this belief. The fact words are as good as deeds is evident from the Ph. D. Degree that was awarded to him by the University of Mumbai in 2008. Thus, he sets a fine example for students and state of the Institute in terms of the constant self-motivation that he imbibes to learn, encourage and inspire. His advice to the youth of today is "To climb the coveted ladder of success, one must acquire the appropriate skills, knowledge and attitude needed for exploiting the available opportunities. Once this is achieved, the world is your oyster".

NATIONAL SEMINAR ON WEALTH CREATION AND FINANCIAL MANAGEMENT IN AN EVOLVING ECONOMIC LANDSCAPE

The Finance Department successfully organized a seminar on “Wealth Creation and Financial Management in an Evolving Economic Landscape”, which witnessed active participation from around 100 students. The seminar aimed to enhance students’ understanding of financial planning, investment strategies, and long-term wealth creation in today’s dynamic economic environment.

The first session was delivered by Saurabh Khanna, As manager in training and education department from MCX commodity exchange limited. who focused on retirement planning and building a second source of income. He emphasized the importance of starting early when planning for retirement, highlighting how compounding plays a crucial role in accumulating wealth over time. He also discussed various avenues for generating a second income, such as investments in mutual funds, stocks, real estate, and side businesses. He encouraged students to adopt disciplined saving habits and to diversify their income streams to ensure financial security and independence in the long run.

The second session was conducted by Nikhil Agrawal, Partner, AKGVG and association who spoke on wealth creation through long-term investment strategies. He stressed the significance of patience and consistency in investing, explaining how long-term investments in equities and other financial instruments can yield substantial returns.

GOER 2026-FROM POTENTIAL TO PERFORMANCE

The session was designed to be highly interactive, moving beyond theoretical concepts. Participants learned how to ideate, validate assumptions, and build MVPs using customer feedback to iterate quickly. Through real-world case studies and mentoring, learners explored how to avoid wasteful practices, improve product-market alignment, and accelerate time-to-market.

The bootcamp also included an engaging question and answer session where students and attendees had the opportunity to interact directly with Mr. Pandya. As an outcome of the bootcamp, participants were equipped to understand the core principles of the Lean Startup methodology, develop a problem-solution and product-market fit, design and test an MVP, and apply iterative feedback loops for product development.

STUDENTS ACHIEVEMENTS

LAKSHYA 2026

With a series of impressive thumping victories, Team LLIM concluded its journey in the “Lakshya 2026” cricket tournament organized by K. J. Somaiya as a proud runners-up, following a closely contested final match. The team gave its all on the field, demonstrating grit, sportsmanship, and unwavering determination.

OUR ACHIEVEMENTS

Students are the assets of our Institute. We believe that it is our responsibility to mould them in such a way that they become the assets of the Industry. Our students are future managers. Keeping this in mind, the students of our Institute are trained right from day one to tackle any difficult situation that they are likely to face in the future. The Institute believes that a self learning attitude of the students is the key to success. Thus, we aim at developing a self learning attitude among our students rather than restricting their thoughts. This self learning attitude when coupled with theoretical knowledge helps the students to think and come out with innovative solutions thereby achieving our objects of providing the industry with our assets that would lead to their success. Following techniques are used to improve the skills of our students.

PROJECTS & PRESENTATIONS

The students not only learn theoretical aspects of a subject but also prepare and present projects enabling them to assimilate and gain more knowledge through self-learning. These projects are then presented by them thus allowing knowledge to be shared. It also helps them improve their communication and presentation skills.

CONTINUOUS EVALUATION

A student's performance is frequently evaluated through periodic and mid term tests that are conducted by the respective professors. Continuous evaluation helps students to overcome their weaknesses and build a strong foundation. Apart from continuous evaluation, the students are also judged by external faculty appointed by University of Mumbai by evaluating University papers pertaining to General Management & also in their area of specialization.

This image shows a blank sheet of white paper with horizontal ruling lines. The lines are evenly spaced and extend across the width of the page. In the bottom right corner, there is a decorative graphic element consisting of several parallel diagonal stripes in shades of light blue and green, creating a modern, geometric look. The rest of the page is plain white.
